This year’s annual conference of ACTFA, CTF14, will promote both the benefits of controlled traffic systems, while offering growers a practical guide to system adoption and beyond.

Leading farmers, consultants and researchers will present on the latest system developments for grains and horticulture enterprises, complemented with a day of farm tours and plenty of networking opportunities.

CTF14 speakers* and topics include:

**RICHARD MCEWAN**  
SENIOR RESEARCH SCIENTIST - SOILS  
DEPARTMENT OF ENVIRONMENT AND PRIMARY INDUSTRIES  
What’s it all about?  
The effects of machinery wheel compaction on South-Eastern Australia.

**DON YULE**  
CTF SOLUTIONS  
How much will we get?  
The proven benefits of CTF Systems

**GEOFF RETHUS**  
FARMER - VECTIS, VICTORIA  
Why go down the CTF journey?  
A grain growers perspective

**ANNIEKA PARIDAEN**  
SOUTHERN FARMING SYSTEMS  
Observations on CTF systems in Canada and America

**ANDREW NEWALL**  
NEWAG CONSULTING – HORSHAM, VICTORIA  
CTF from a consultant’s perspective: Advising clients on adopting CTF.

**PAUL BLACKWELL**  
SENIOR RESEARCH OFFICER, DEPARTMENT OF AGRICULTURE AND FOOD, WA.  
CTF in WA: The experiences of researchers and grain growers.

**JOHN MCPHEE**  
TASMANIAN INSTITUTE OF AGRICULTURE  
What can CTF offer horticulture?

**NIGEL WILHELM**  
CHRIS BLUETT  
MELISSA CANN  
RESEARCH LEADER — SARDI  
ACTFA SOILS OFFICER — DEPI  
The application of CTF in low rainfall zones: An overview of the project and how growers can become involved
