

PREDICTA®B

2022 Root Disease Risk Management Courses

ADELAIDE • WAGGA WAGGA • BENDIGO • HORSHAM • PERTH

NEW RHIZOBIA TESTING SERVICE NOW AVAILABLE!

Find out more about the soil testing service for rhizobia groups E & F, N and G & S.

These one day courses provide information and technical advice for identifying and managing cereal root diseases.

New and experienced agronomists are invited to attend the 2022 PREDICTA®B Root Disease Risk Management course to build or refresh their skills and knowledge on soilborne diseases. The course also provides accreditation for delivering PREDICTA®B - the DNA-based soil testing service which enables growers to identify the pathogens posing greatest risk to their farm.

THE COURSE WILL COVER:

- The main soilborne diseases for the region eg. rhizoctonia and crown rot
- Interpreting and understanding PREDICTA®B results
- Using PREDICTA®B to make better informed variety, rotation and paddock management decisions
- Yield loss risk categories for established tests and population density categories for new tests
- Management strategies
- Soil sampling strategies
- Rhizobia (rNod) testing and sampling

On completion, participants will receive:

- An accreditation number to access the PREDICTA®B service
- The Broadacre Soilborne Disease Manual, updates can be downloaded from website
- A PREDICTA®B soil corer

SPEAKERS

Presenters will include national and regional research leaders such as:

- Dr Nicole Thompson, workshop facilitator (SARDI)
- Blake Gontar, Dr Liz Farquharson, Dr Alan McKay (SARDI)
- Allan Mayfield and Margaret Evans (Adelaide)
- Dr Sarah Collins and Dr Daniel Huberli (Perth)
- Dr Brad Baxter (Wagga Wagga)
- Dr Josh Fanning (Bendigo/Horsham)

COST

The workshop costs \$423.50 inc GST.

This covers catering and all participants receive an AccuCore soil sampler.

*A note on participant safety

In light of COVID-19 we wish to reassure participants that your safety is our number one priority. Each course will adhere to the current State Government COVID-19 safety requirements. Hand sanitiser and masks will be available along with appropriate food safety practices and the required social distancing.

A reminder on the participant safety measures will be sent out a few days prior to each workshop to all registered participants. For this reason, registration is essential.

In the event these workshops need to be postponed or cancelled all participants will be refunded.
