

SOUTH AUSTRALIAN DROUGHT RESILIENCE ADOPTION AND INNOVATION HUB

De-carbonising the grains industry

SCIENCE TO PRACTICE FORUM 2023

NETWORKING AND KNOWLEDGE DINNER

WEDNESDAY 7 JUNE 2023, from 6.30pm
Rising Sun Hotel, 19 Main North Rd, Auburn

FREE EVENT INCLUDING DINNER (registrations essential)

Join the SA Drought Hub for an enjoyable evening of networking and knowledge at the Rising Sun Hotel, Auburn for dinner on us.

Our changing climate has increased pressure on the agriculture industry to become more environmentally sustainable.

HEAR FROM:

- **Emma McInerney** (Northern and Yorke Landscape Board and AgExcellence Alliance) about how producers can benchmark and reduce the carbon footprint of their operations while building their ability to manage their farm through periods of drought; and
- **Adrian McCabe** (Chair, Grain Producers SA and a farmer at Hamley Bridge) discussing the work he has done on his farm, and the wider implications for grain producers in SA.

Dinner provided with drinks available for purchase.
