

GRDC GROWER FORUM

WEDNESDAY 13 SEPTEMBER, 3.00pm - 7.00pm
JAMESTOWN

Photo: Nicole Baxter.

You are invited to attend a grdc grower network forum, which will be held at the Commercial Hotel Motel Jamestown on Wednesday 13th September, 2023. Come along and contribute your suggestions for future GRDC investments in research, development and extension.

The forum will gather your feedback and input into your local research and extension needs, and consider how GRDC investments could add further value. The forum will provide an update on local GRDC investments and feature presentation from Sara Blake, Sub Program Leader with SARDI's Pulse Pathology team, on pulse disease management.

The forum is free of charge and will be led by GRDC Grower Relations Manager Tim Bateman and Rebekah Starick.

A facilitated workshop session will allow you to contribute the factors which are impacting your farm productivity and profitability. We will also review opportunities for local GRDC research, development and extension support.

All growers, advisers and industry representatives are welcome. Note that registration is essential for catering purposes.

Please bring your laptop or tablet for use during the workshop session. Devices will also be provided.
