

FREE WORKSHOP:

Grazing management during the non-growing season

You're invited to a free 2-day workshop run by Dick Richardson to help you maximise profitability while improving pastures. Held in Carrieton and Eudunda.

The Northern and Yorke Landscape Board is hosting two 2-day workshops focussed on grazing management during the non-growing season.

Come along to these free sessions in Eudunda or Carrieton to learn about:

- Working out stocking rates and feed demands
- Matching stocking rates to carrying capacity
- Practical steps for planning grazing
- Drought planning

The second day takes a practical approach, using participants' own farm scenarios and will help to set the foundations for grazing decision-making.

Mon-Tues, 18–19 March 2024

Eudunda Sporting Club

Wed-Thurs, 20–21 March 2024

Carrieton Club Rooms

This course is for anyone working with livestock, including farm hands, managers and owners.
