

SOUTH AUSTRALIAN DROUGHT RESILIENCE ADOPTION AND INNOVATION HUB

# STRATEGIES TO PREPARE FOR A DRY SPRING AND SUMMER 2024

Autumn and Winter have been really tough and the outlook for Spring and Summer are uncertain. Learn and build strategies to prepare your livestock business to respond to the coming season.

## Workshop will include:

- Making difficult decisions around selling, retaining and/or feeding sheep or cattle
- Developing sheep and cattle feed budgets and understanding trigger points
- Developing a water budget (if applicable)
- Developing feed rations and the use of containment feeding for sheep and cattle
- Managing stock to optimise their performance for the coming year
- Long term economic impacts

## Where and when:

24th October Clare Valley (Watervale - The Vale)

30th October Murray-Mallee (Karoonda - Venue TBC)

31st October Fleurieu (Yankalilla - Venue TBC)

## Timing:

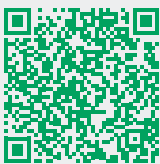

9.00am – 4.00pm  
(fully catered)

## Cost:

FREE but RSVP is ESSENTIAL as the workshops are limited to 20 places only

## Workshop delivered by:

- Felicity Turner, Turner Agri
- Deb Scammell, Talking Livestock

Please register via the link. Bookings close 24hrs prior to the event, unless booked out prior.
